

GEORGIA STATE UNIVERSITY: Robinson College of Business, Department of Risk Management & Insurance

TENURE TRACK POSITIONS IN ACTUARIAL SCIENCE

GEORGIA STATE UNIVERSITY invites applications for multiple tenure track appointments in actuarial science effective Fall 2014 in the Department of Risk Management and Insurance at the Robinson College of Business.

Rank is open, but we expect to hire at the Assistant Professor level for one position. The second position is for a scholar at a more senior level to be the Thomas Bowles Chair of Actuarial Science. The Bowles Chair was established in 1988 to focus on the changing and complex environment in which the contemporary actuary practices. The Bowles Chair highlights and addresses major trends and contributes to the continued vitality of the actuarial profession.

JOB QUALIFICATIONS

Candidates for the Assistant Professor position must have a completed Ph.D. by the time of appointment in actuarial science or a related field. Further, candidates should have a strong capability of publishing in top actuarial, statistics, finance, and/or mathematics journals in the area of actuarial science. An actuarial credential from any of the professional societies is preferred.

Candidates for the Thomas Bowles Chair must have a Ph.D. in actuarial science or a related field. In addition, the candidate must have a strong current record of research publications in the top actuarial, statistics, finance, and/or mathematics journals in the area of actuarial science. Candidates at the Professor rank must have a current international scholarly reputation in actuarial science and have the ability and willingness to mentor junior colleagues and Ph.D. students. An actuarial credential from any of the professional societies is preferred.

ABOUT THE ENVIRONMENT

The mission of the Department of Risk Management and Insurance at Georgia State University is to better understand how risks faced by individuals, institutions, and societies can be more accurately measured and more efficiently managed. Faculty members have risk-related research interests including behavioral economics, experimental methods, actuarial science, mathematical finance, econometrics, household finance, corporate decision making, legal risk, and insurance economics, among others.

The department is one of the oldest and most influential risk management programs in the U.S. and has a distinguished history of serving students, alumni, and the risk management profession for more than 60 years. We are currently rated #4 in the *U.S. News and World Report* ranking of RMI programs; we hold a Center of Actuarial Excellence designation from the Society of Actuaries; and we are an Accredited Risk Program according to the Professional Risk Management International Association (PRMIA).

The salary level and course load are competitive.

Positions are contingent on budget approval. Applications will be accepted until the position is filled. To apply, a letter of application, curriculum vitae, three recommendation letters, teaching evaluations if any, and copies of publications should be submitted via (preferred) academicjobsonline.org or mailed to Martin F. Grace, Department of Risk Management & Insurance, Robinson College of Business, Georgia State University, PO Box 4036, Atlanta, GA 30302. PLEASE be sure to note in your cover letter that you are applying for one of the actuarial science positions.

Georgia State University is an Equal Opportunity Employer/Institution Affirmative Action Employer.
